TIPS

1. Save the pattern and refer to it while sculpting.
2. Black lines indicate single "V-cutter" cuts.
3. Sculpt gray areas.
4. Separate patterns from both pages, then arrange as shown in photo.

OPTIONAL

1. To create veins in the leaves, draw simple vein lines with a dull lead pencil after poking and removing pattern.
2. Sculpt leaf outline, then carefully use "V-cutter" to remove dark orange pumpkin skin around the vein lines (see photo).
